

EcoMaster – On-Top Solar PV Project Initiation Form

A separate form should be completed for each roof on which a Redland Solar PV system is to be considered (Note: a roof zone is defined as possessing the same roof construction, orientation and pitch).

Please do not hesitate to attach additional documents, e.g. relevant drawings, photos, comments, or other Redland project specification forms (e.g. SpecMaster, FixMaster etc) - for each roof zone.
